

Joshua Powell

Technical Services / Server Engineer

▼ WORK EXPERIENCE

Warehouse Assistant / Stage Lighting Services
2017 - 2018

I was offered this role after completing a week's work experience with the business. Whilst I was at the business, I worked Saturday I was involved in picking orders, going onsite setting up staging, rigging as well as run lighting desks.

Founder / Fluid Media Productions
2016 - Present

I founded Fluid Media when I was 15, when I wanted to start selling websites, video's and virtual tours. Whilst I was in School, I had 7 clients which I offered a range of services to. I learned a lot about working with people as well as to turn the sale down if the price goes to low.

Technical Consultant / Inspiretec
2018 - Present

I joined Inspiretec as the Junior Internal Support Engineer. When I joined, I was involved in Building and supporting the business internal infrastructure and computers. Such as working on tickets etc. Nine months after starting at Inspiretec I was promoted to Technical Consultant, Now I'm more involved in internal project and external project work such as implementing new software and hardware.

▼ ABOUT ME

My name is Joshua Powell, I'm a passionate about technology and always striving to learn more. Currently I am taking a deep dive into VMware and Hyper-V as they are the most used Virtualization platform in my option. I'm interested in Drone flying as well as Esports. I love cycling as well and often on the Taff Trail at weekends.
